

PROJECT BRIEF

PROPOSED CLOUD-BASED DOCUMENT MANAGEMENT SYSTEM (DMS)

Municipal Administrator's Office – Municipality of Santa Maria, Bulacan

1. PROJECT OVERVIEW

The proposed **Document Management System (DMS)** aims to digitalize, streamline, and modernize the handling of documents within the Municipal Administrator's Office. It will establish a **centralized and secure platform** for managing official records, ensuring faster turnaround of requests, accurate tracking, and reliable archiving.

The system will also support compliance with the mandated three-day processing period for simple requests under **Republic Act No. 11032 (Ease of Doing Business and Efficient Government Service Delivery Act)** while enhancing accessibility, transparency, and accountability in municipal operations.

In addition, the system will integrate a **centralized meeting and event scheduling function** to ensure efficient use of municipal venues, prevent conflicts, and improve coordination of schedules involving the Mayor and the Administrator.

2. OBJECTIVES

- Digitalize and systematically organize documents for quick retrieval and reference.
- Establish a seamless process for receiving, logging, transmitting, and closing requests and communications.
- Enable real-time monitoring of the status of documents (approved, endorsed, denied, pending).
- Enforce the **three (3)-day maximum processing time** for simple requests.
- Generate **monthly and annual summary reports** of actions taken by the Municipal Administrator's Office.
- Strengthen accountability by recording who received, transmitted, or acted upon each document.
- Provide **centralized scheduling of meetings and events** to avoid conflicts in venue usage and participant availability.
- Allow the Administrator and authorized staff to check schedules remotely via phone, with **automated reminders** for meetings and events.
- Promote transparency and efficiency in municipal administration services.

3. SCOPE OF WORK

Core Functionalities

- **Digital Archiving:** Categorized storage of all essential documents (Executive Orders, SB Endorsements, Contracts, Permits, Memorandum Orders, Legal Advice, etc.).
- **Incoming Communication & Request Management:** Covers document reception, control number assignment, initial screening, preparation, review, approval/endorsement/denial, and final archiving.
- **Tracking & Monitoring:** Real-time tracking of the status of requests and communications.

- **Control Number Assignment:** Automatic or manual stamping of control numbers for proper logging.
- **Dashboards & Reports:**
 - Metrics: total documents, incoming requests, pending actions, closed transactions.
 - Monthly and annual summary reports covering:
 - Executive Orders
 - SB Endorsements
 - Contracts/Agreements
 - Certifications
 - Permits
 - Memorandum Orders
 - Legal Advice
 - Work Endorsements
 - Communication Letter for National Agencies
 - Other communications and requests
- **Search & Retrieval:** Keyword, title, category, or control number-based searches. Inline PDF previews and offline downloads enabled.
- **Centralized Scheduling of Meetings and Events:**
 - Unified calendar system for meetings and official functions to **avoid conflicts in schedule and venue use.**
 - Covers the following municipal venues:
 - Municipal Conference Room
 - Command Center Room
 - Social Hall
 - Gymnasium
 - Mayor's Conference Room (special meetings)
 - Administrator's Office (special meetings)
 - Functions:
 - Schedule creation, editing, and cancellation with role-based access.
 - Venue booking and conflict detection.
 - Tagging of required attendees (Mayor, Administrator, other personnel).
 - Mobile access for quick schedule checking.
 - **Automated reminders/notifications** to attendees via the system.
- **Compatibility:**
 - Desktop-based (Windows) as the primary environment.
 - Supports MS Word, Excel, and Adobe PDF.
 - Scanner- and printer-friendly for converting paper to digital files.
 - Accessible via **web and mobile browsers** for authorized users.
- **Security & Compliance:**
 - Role-based access control and authentication.
 - Comprehensive audit logs.
 - Compliance with RA 11032 and other recordkeeping regulations.

4. DOCUMENT WORKFLOW PROCESS

Step 1 – Document Reception

- Clerk/Encoder receives incoming request (letters, proposals, permits, travel orders, venue/vehicle requests, food/overtime requests, endorsements, legal opinions, etc.).
- Control number assigned (e.g., Incoming No., Travel Order No., Overtime No.).

- Clerk logs request in both the system and physical logbook.
- Paper-based documents are scanned to PDF and uploaded.

Step 2 – Initial Screening

- Clerk/Encoder checks completeness of attachments.
 - Incomplete → returned to client for compliance.
 - Complete → forwarded to Officer for preparation.

Step 3 – Document Preparation

- Officer/Clerk drafts necessary documents:
 - Executive Orders
 - SB Endorsements
 - Memorandum Orders (Notice of Meeting, Personnel Memo, Office Memo)
 - Certifications & Permits
 - Endorsement Letters & Recommendations
 - Legal Opinions (endorsed to Legal Consultant)
 - Response letter
 - Letter request for National Agencies
- Drafts are saved and categorized in the system.

Step 4 – Review & Approval

- Municipal Administrator and/or Executive Assistant II reviews drafts.
- Options: **Approve, Endorse, or Deny.**
- Approved/endorsed documents may proceed to the Mayor for signature if required.
- Denied requests are logged with reasons, and status updated.

Step 5 – Transmission & Notification

- Clerk/Encoder transmits the approved/signed document to the requesting party or endorses it to the concerned office.
- Transaction details (receiving office/personnel, date, updated status) are logged.

Step 6 – Completion & Archiving

- Once fulfilled (approved/endorsed/denied), the request is marked as **Closed**.
- Final signed copy scanned/uploaded into its category.
- Clerk logs the release of the document, including the recipient.
- Document remains accessible for reporting and future reference.

5. DOCUMENT COVERAGE

The DMS will cover the following document types:

- Incoming Requests – client requests, proposals, official letters.
- Travel Orders – requests for official travel with supporting approvals.
- Venue Requests – use of municipal facilities/venues.
- Vehicle Requests – use of municipal service vehicles.
- Food Requests – catering/food support for official functions.
- Overtime Requests – work beyond regular office hours.
- Executive Orders – official orders issued by the Mayor.
- Contracts and Agreements – contracts, MOAs, and related agreements.
- SB Endorsements – endorsements prepared for Sanggunian Bayan.
- Memorandum Orders – internal directives from Administrator/Mayor.
- Certifications and Permits – certifications, clearances, permits.

- Legal Advice – opinions/reviews from the Legal Consultant.
- Communication for National Agencies – request for project fundings and other concerns
- Endorsement Letters & Recommendations – for work, medical, hospital, or financial assistance.

6. ROLE-BASED ACCESS CONTROL (RBAC)

- **Municipal Administrator (Approver):** Full access; reviews/approves/denies requests; manages users, reports, and settings.
- **Executive Assistant II (Approver):** Reviews, endorses, approves/denies requests; accesses dashboards and reports.
- **Officer:** Prepares documents (Executive Orders, endorsements, certifications, permits); contributes to reports.
- **Clerk/Encoder:** Receives, logs, scans/uploads documents; assigns control numbers; handles tagging, transmission, archiving; prepares simple response letters, permits, certifications, and endorsements and handles venue scheduling

7. EXPECTED BENEFITS

- Faster turnaround of requests within the mandated **3-day period**.
- Centralized and organized **digital archive** of municipal documents.
- Stronger accountability and transparency through detailed logs.
- Improved inter-office communication and coordination.
- Reduced risk of lost or misplaced documents.
- Greater efficiency in preparing executive orders, endorsements, and certifications.
- **Optimized scheduling of meetings and events**, avoiding conflicts in venue and participant availability.
- Convenient **mobile access** to daily schedules and automatic **reminder notifications** for meetings and events.
